Migrant Lization And Securitization

In terms of real politics, each migrant that is "different" to the culture and identity of the host country constitutes a potential security threat. Therefore, the main problem attributed to the process of securitization, is the inability of the securitizing actor to see migrants as individual humans.

FRONTEX and the Securitization of Migrants through Practices

lization, imposing persistent and uneven 'market-disciplinary regulatory restructuring', has entailed the privatizations of state owned enterprises and public services, as well as austere fiscal policy and trade liberalization, perpetuating neoliberal transformation dynamics across time and space (Brenner, Peck, & Theodore, 2010).

Migration, Civil Society and Global Governance

Securitization of migration in France has resulted from failed integration of the large Muslim-majority immigrant population, riots in the banlieue and the communities' unproven links to terrorism, recent terrorist attacks, and the Syrian refugee crisis.

THE SECURITIZATION OF MIGRATION IN FRANCE

Migrant key workers continue to perform crucial tasks on the front lines of the global pandemic response. But the shutting down of economies, closure of borders and fear of the invisible enemy is leading to the hardening of migration policies around the world – and the rise of a new “health securitization” migration rhetoric.

How COVID-19 might change migration rhetoric and policy ...

the nature and mechanisms of the securitization of migration is the subject of considerable debate. In international relations (IR), scholars attuned to realist premises of anarchy and material interest argue that Western states should fear the “coming anarchy” associated with mass migration (Huntington 2004; Kaplan 1994).

The Securitization of Migration - Philippe Bourbeau

Securitizing immigration and presenting immigrants as a danger to the survival of the welfare system consequently leads to the exclusion of immigrants by deeming them undeserving of social services. Immigration and Internal Security

Is Immigration a Threat to Security?

The securitization of migration is a process which can be analyzed at the international, regional, and local level. This distinction among different levels of analysis is apparent not only by different types of migration, but also the reasons that securitization is applied in each case.

Securitizing Migration: Aspects and Critiques

In response to this “securitization” of immigration, the government has increased border security, deportations of immigrants and surveillance of immigrants living in the U.S. What is the impact of this process of securitization on communities and individuals?

These shift in the perception of migration have been addressed by securitization scholars in great detail (see more recently Fox & Akbaba, 2013; Karyotis, 2012). ...

(PDF) Securitization of Migration in Greece: Process ...

This thesis studies the European Union's policy Global Approach to Migration and Mobility (GAMM) and how migration is discursively described and securitized. GAMM is a foundational framework for EU migration and asylum policy, with a purpose to create dialogue and cooperation with non-EU countries.

The Securitization of Migrants - Lund University

securitization of international migration. The case of Bulgarian migrants in the European Union gives an example of the risks in considering all immigrants a threat to public security. The article seeks to explore the unintended effects of securitizing migration in the EU and suggests possible ways to reduce its negative effects.

DSimeonova Negative Effects of Securitizing Immigration

The above securitization discourse that started in the 1980s also led to a change in policy from Western Europe to Canada and Australia: Western states have been systematically making the movement of migrants and refugees harder through visa restrictions, mandatory detention, return policies, international “safe havens”, offshore processing, “safe third country agreements and declarations”, withdrawal of benefits etc. (see Watson, 2009, Chapter 1).
