An entry-level position in 3D animation requires successful completion of at least a bachelor's degree in computer graphics, graphic design, fine art, or animation. Students should look for programs that focus on art and computer courses. It is essential to take the time while in school to build a professional portfolio.

### 3D Animator | The Art Career Project

Overview. Art of Illusion is 3D graphics software, such as Blender and Wings 3D (which are both free software), and Autodesk 3ds Max and Autodesk Maya (which are both proprietary software).. Although some sources seem to confuse 3D modeling with computer-aided design (CAD), Art of Illusion does not provide any CAD-like features, such as parametric modeling.
